- Container ships are getting bigger !
- Deep water ports gain market share

- Easier to manage by 'trainload' than lorry
- Rail 3x more fuel efficient than road
- Increasing proportion sent by rail

5. London

(if all else fails!)

- Rail dependent
- Property values and new technology force more and longer commuting
- But vital rail arteries carry freight and inter regional passengers as well!
- London needs East-West Rail like it needs the M25!

And finally.....
